Greetings Honorable Justice Kenneth M. Karas:

I am writing to you, in a cry for help. I have attempted to secure the trial transcript (Orange County Court index # 598-05), that is imperative to my Federal case (07civ5795 KMK). I have been informed by the Orange County Court, that the stenographer, a Ms. Jackson has moved to North Carolina. This appears to me, to be another ploy to frustrate my efforts, to prove my Federal complaint. This transcript will completely me and show the prejudice and bias that Judge Berry demonstrated to me, throughout all the proceeding.

Sir I have been suffering the ramifications of this "cover up" of the attempted assassination of me. I am serving 14 years in State prison, for the alleged, State crime of "constructed" possession of a weapon. I am 68 years old and I do not to die in prison, for objecting to being shot six times.

Sir you are the only one that has the power, to right this wrong. Please allow me to sopeona the transscript, so I may show your Honorable Court, the truth.

For the reasons stated in the order issued today by the Court, Plaintiff cannot challenge his state conviction in this case. Linger under Section 803. As such, the Court has no grounds to affirm a subpoena or to affirm an order production of the state trial transcript. Accordingly, Plaintiff's request must be and is denied.

SO ORDERED
